

Atheism For Dummies, 2013, 384 pages, Dale McGowan, 1118509218, 9781118509210, John Wiley & Sons, 2013

The easy way to understand atheism and secular philosophy For people seeking a non-religious philosophy of life, as well as believers with atheist friends, Atheism For Dummies offers an intelligent exploration of the historical and moral case for atheism. Often wildly misunderstood, atheism is a secular approach to life based on the understanding that reality is an arrangement of physical matter, with no consideration of unverifiable spiritual forces. Atheism For Dummies offers a brief history of atheist philosophy and its evolution, explores it as a historical and cultural movement, covers important historical writings on the subject, and discusses the nature of ethics and morality in the absence of religion. A simple, yet intelligent exploration of an often misunderstood philosophy Explores the differences between explicit and implicit atheism A comprehensive, readable, and thoroughly unbiased resource As the number of atheists worldwide continues to grow, this book offers a broad understanding of the subject for those exploring atheism as an approach to living.
